Thank you for supporting NMSU Library

A New Era of Excellence Through Partnerships
The Honor with Books Program was established to guarantee our ability to continue to build strong library collections, while also creating an opportunity to formally recognize someone special with a lasting tribute.

We invite you to participate in the program by providing the library with the gift of new books in the subject area of your choice. Your gift will support critical collection needs while paying a lasting tribute to a loved one, friend, professor, graduate, parent or colleague.

Yes! I/ We wish to help the NMSU Library book collections grow with a tax-deductible donation to the Honor with Books Program
